

***FORM V.D. CONSTRUCTION PRACTICES**

1. System Construction

a. Will construction be undertaken by contractors?

☒ Yes ☐ No

The Comcast Construction Department project manages all construction projects. The labor to perform the actual construction work is outsourced to company approved contractors. Comcast uses contractors in the Reston, Virginia system if plant extensions are required to provide cable service to new customers.

b. If "yes:"

(1) Have the contractors been selected? **

☒ Yes ☐ No

Comcast uses contractors in Reston if plant extensions are required to provide cable service to new customers.

There has been no selection of contractors for the proposed Institutional Network construction.

(2) Who are the contractors?

Approved construction contractors for the Reston, Virginia system are:

J Y Utilities

Stephens Underground Utilities

2. Discuss the availability of work crews and equipment to ensure compliance with the construction schedule. Detail outstanding agreements with construction companies or equipment suppliers. Supply copies of any commitments regarding this particular project.

The Institutional Network is in the proposal phase. There are no available details on crew and equipment availability at this time.

3. List construction codes which will be followed, and the steps you will take to comply with them.

* The Memorandum on Legal Issues submitted as part of the Proposal sets forth the legal principles governing Comcast's response to this Form.

Comcast will comply with all applicable law, including the National Electrical Safety Code (NESC), the National Electrical Code (NEC), the SCTE Construction procedures and practices, and the Bellcore Blue Book.

Comcast will employ reasonable care at all times, within the meaning of applicable law, and will use commonly accepted methods and / or devices to reduce the likelihood of damage, injury, or nuisance to the public. Any construction, operations and maintenance of the Reston, Virginia system will be performed by experienced and properly trained technical personnel.

**** Applicant must submit a copy of the draft contract to the County prior to commencing construction.**

4. List or describe the standards to be followed regarding tower construction, marking and lighting.

Comcast has no plans to construct an additional tower in Reston, Virginia.

5. Do you have a manual of construction practices to be followed by construction crews?

[X] Yes ☐ No

If "yes," attach a copy of the manual as an appendix to this application.

See the accompanying copy of the SCTE "Recommended Practices for Co-Axial Cable Construction and Testing".

6. If so, when was your manual of construction practices last updated?

The SCTE manual was updated in 1997.

7. Have you discussed all anticipated construction with VDOT and other utilities? If so, please identify whom you spoke with for each entity.

Comcast complies with the VDOT permitting process prior to any construction that impacts VDOT right of ways. Currently, there are no construction projects impacting other utilities.
